

GREEN COAST

UNDISCOVERED GEM OF MEDITERRANEAN

Welcome to Green Coast Resort!

Green Coast is one of the largest resorts in Albania and also in the Mediterranean, strategically built in Palasa, one of the most beautiful locations in the Albanian Riviera. Green Coast is the biggest investment of Balfin Group in tourism sector, of €100'000'000 spread over 20 hectares of land. The resort combines a big variety of premium, stylish and spacious villas overlooking the sea, an international five star hotel and a promenade along the seashore with business units.

Albania, Europe's hidden gem

"The scene was savage, but the scene was new;
This made the ceaseless toil of travel sweet"

Lord Byron*

Think of Albania as a beautiful sonnet, that begins with a traveler's questioning the unknown that awaits before him, upon setting foot in one of Europe's smallest countries and ends with his/her amazement in finding a divine harmony between the wilderness of the mountains and the soothing view of a crystal blue coastline, between a history as ancient as the continent itself and a thriving new population embracing the modern, between Roman ruins and flamboyant contemporary architecture.

Tourists and international media that have had a chance to visit, praise Albania as the hidden gem of Europe. Spanning just short of 29,000 m², Albania is a land of treasures, including 4 UNESCO World Heritage Sites, one of the most ancient lakes in the world Ohrid, 30% of Europe's flora and 45% of Europe's fauna, beautiful valleys, mixed forests, canyons and caves and a magnificent Riviera of golden and white beaches lapped by turquoise waters of Adriatic and Ionian Sea.

Albania's location in the southeastern part of Europe favors a Mediterranean mild climate of 300 sunny days, which allows for a joyful exploration of the country and its neighboring Greece, Montenegro and Italy (separated by sea).

Its natural wild beauty, its unique history, the rich culinary tradition and the generosity and vitality of its people, make Albania an unforgettable experience and for many, a never-ending love story.

"I bit my tongue and savoured the sweetness of the perfectly ripe tomato that I had devoured en route from Ciflik. I wondered how soon it would be before I could taste Albania once more." The Telegraph 2015

"This is spectacular high country, riven by limestone canyons, at times soaring and majestic like the Atlas Mountains, at times bony and threadbare like the Anatolian plateau, at times bucolic and terraced with fruit trees like Alpine France, at times steeply plunging into sea like the Amalfi coast." Financial Times 2013

Albanian Riviera Nature Attractions

Albanian Riviera is a beautiful seashore in the Mediterranean Sea. There's so much to explore in this gorgeous part of Albania, such as: stunning beaches with deep and very clean waters, turquoise bays with fascinating scenery, beautiful caves, traditional villages, mountain passes, and a lot of groves of oranges, lemons and olives.

With perfect and breathtaking spots along the rugged coast, you will have the most unforgettable experience. With plenty of natural beauty and a remarkable collection of exceptional attractions, South Albania is basically a new paradise to be discovered.

We warmly invite you to come and enjoy some memorable experiences visiting: Llogara National Park, The Blue Eye, Butrint National Park, Gjipe Beach, Dhermi Beach, Grama Bay and a lot others.

Albanian Riviera Cultural Attractions

The Albanian culture is a combination of the culinary, literary, political, musical, and artistic aspects of people of Albania, elements that have been nurtured over time and passed down from generation to generation.

Despite the gorgeous natural beauty, the Albanian Riviera has a considerable number of places with valuable cultural and historical importance. Throughout the entire historic path, can be found a lot of ancient churches and cathedrals, antique castle ruins and old monasteries. These numerous historical and archeological values represent a great interest for the visitors.

Several of these landmarks with cultural and historic beauty, have been recognized by UNESCO as World Heritage Sites, such as: National Park of Butrint (the largest and most important archaeological site of Albania), The Museum City of Gjirokastra, the City of Berat etc.

Why to invest in Albania?

Climate

Albania offers 300 days of sunshine, the swimming season extends more than 180 days. Temperatures reach more than 30 degrees Celsius in the summer, while winter is relatively mild on the coast, with average high ranging from 10-16 degrees Celsius.

Stability

Politically stable, in 2014 Albania was granted with candidate status for European Union Membership. Albania is also a member of the UN, Nato, the Organization for Security and Cooperation in Europe, the Council of Europe, the World Trade Organization and it is one of the founding members of the Union of the Mediterranean. Tirana is the capital of Albania.

A land of many beauties

Tourism is a government's priority, and a highly regarded investment potential. Albania harbors are great attractions for tourists - mountains, lakes, rivers, natural forests, 470 km coastline, rich cultural background, beautiful ethnic architecture, historical remnants and nightlife.

Low cost of living

Albania has a low cost of living compared to most of Europe. Albania has lower prices on property purchase even compared to the neighboring countries: 56% lower than Greece, 50% lower than Montenegro, 60% lower than Croatia and 75% lower than Italy. Property prices have increased gradually approximately by 20 per cent for the past five years and are expected to increase further.

Other Advantages

Albania favors a liberal and reformist investment climate. Due to its low minimum wage, it provides competitive labor cost, young, well-educated and multi-lingual population, competitive taxation and incentives, strong growth potential, free economic zones free access to large markets and macroeconomic stability.

Why to invest in Green Coast Resort

Strategic location

Green Coast Resort is strategically built in Palasa, one of the best locations in Albanian Riviera, with a rare natural beauty, very rich in historical and cultural values and well known for its proximity with different attraction sites including UNESCO Heritage. Palasa is also located very close to Vlora city, which very soon will have an international airport that will facilitate the access, in addition to its naval port.

High quality of construction

The first large-scale residence project with a high quality being constructed in the astonishing bay of Palasa, Green Coast Resort, boasts one of the most magnificent architectural designs in the region, facing the breath-taking views of the Ionian Sea. Italian architecture Iraci studio and A.N.Tombasiz & Associates Architects, Greek Architectural Studio, are bringing in the Green Coast Resort their best international experience in different projects worldwide.

Safe investment

Green Coast Resort is part of Balfin Group, the largest and most innovative investment group in Albania and one of the biggest in the region, a fact that guarantees that buying a villa is a very safe and secure investment. Green Coast is the largest and most important project of the group in the tourism sector, with an, with a value of 100 million Euros. In July 2016 Green Coast was granted the title "Strategic Investor with Special Procedure", due to its significant contribution to the tourism industry and the economic growth.

Increasing prices

Based on the long group's experience in the real estate and tourism field, there is predicted an increase of property prices every year, which combined with the development of the area that will take place soon, will guarantee the increase of the value of the property in a few years and a quick return on investment.

Smart investment with quick return

For those looking to make an investment in the growing vacation and property market in Albania, Green Coast Resort offers investment opportunities services.

- **Property Management and Maintenance**

The management of the resort will be in a high level, 5 stars standard by a consolidated company with a long experience in the Albanian market, to ensure a quiet and secure living due to security system with private guard and camera 24/7, maintenance, cleaning and greenery of common spaces, etc.

- **Renting Program**

All the residents of Green Coast Resort can be part of this program with a high-rate investment return, which will be supported by an exceptional and dedicated team, committed to provide a great accommodation experience and well maintained houses.

- **Property Share**

Property Share is a form of purchase inspired by the best European examples where 2 or more co-owners invest in a property at Green Coast with different quotas over the property price. The rights and obligations of the co-owners stem and are upheld based on the investment quota.

A location unlike any other

When you think of Green Coast Resort, think of a beautiful little town of happiness, where your well-being is valued the most. The resort is a social heaven, with a finely-designed promenade along the beach, a large amphitheater reserved for shows and movie projections, various bars, traditional and gourmet restaurants and spaces reserved for sport activities.

The rhapsody of Palasa

The village of Palasa overlooks a marvelous panorama, considered as one of the most beautiful bays of the Albanian Riviera. A white fine pebbled beach gleams from afar, surrounded by crystal turquoise waters and beautiful green hills of Olives, Citrus and Oaks, making this area a dream vacation destination.

The bay of Palasa is love at first sight. Its striking beauty is the first thing one encounters, while driving down the winding roads from the National Park of Llogara (1200 m above sea level).

The steep Ceranunian mountains embrace and protect the bay from open sea and cold winter breeze.

With a unique geographical position between the harbors of three ancient port towns, Vlora, Himara and Saranda, the village is easy accessible by sea or by car.

Palasa's history dates back more than a thousand years B.C. In 48 B.C, during his pursuit of Pompey, Julius Ceasar anchored his ship and rested his legion at Palasa.

At that time, Palasa was an important port town, thriving economically until it became a target for pirates, who permanently damaged its prosperity.

Today Palasa is still a significant village, known for its long-standing tradition in cultivating medicinal herbs such as oregano and sage and beekeeping, producing one of the highest quality honey in the region.

Location

Green Coast - a brand new resort in Mediterranean is strategically built in Palasa, one of the best locations in Albanian Riviera. Palasa is one of the most picturesque places, with a breathtaking Ionian sea view, located between Vlorë and Sarandë, very near to Dhërmi and Himarë and easily accessed from Corfu through the ports in these cities. It is also near the ancient city of Butrint and other villages with exquisite natural beauty, vivid history and where traditional crafts are still practiced.

Albania has been identified and increasingly evaluated as an up and coming world-class destination for foreign tourists. A warm climate and 300 sunny days annually offer the opportunity to enjoy the sea tourism, mountain tourism, cultural and historic tourism, the agriculture and the gastronomy.

Being near Italy, Montenegro, Greece and Croatia, having rich natural resources and a welcoming nature and being also a low-cost destination, Albania is becoming the favorite Mediterranean destination.

Accessible via direct flights to Tirana International Airport and then by regular domestic services from Tirana to Green Coast Resort. The ports of Vlorë, Sarandë and Himarë offer another possibility to reach the resort by sea. The depth of sea permits yachts to get near the beach.

"Albania is full of magical places: Gjirokaster City, the Blue Eye, Lake Skadar, Ksamil, Butrinti, and more".
Bridge Side, 2018

"Albania's star has been rising, with more travellers each year wanting to explore its treasures, such as the Accursed Mountains of the north, and wild beautiful white beaches of the south".
The Guardian, 2018

"The beaches are beautiful, the villages quaint - look towards the medieval town of Kruja, Apollonia's ruins and Berat, the Unesco World Heritage site famous(ish) for Byzantine churches and Ottoman architecture".
The Irish Times, 2018

Green Coast Resort

The first large-scale residence project to be constructed in the astonishing bay of Palasa, Green Coast Resort, boasts one of the most magnificent architectural designs in the region, facing the breathtaking views of the Ionian Sea.

Green Coast Resort is a unique investment in Albania and an elegant new addition to the Mediterranean.

Spread over 50 acres of land, fully respecting the ecosystem, the culture and the history of Palasa, the premium resort offers the best of a high-quality lifestyle, comprised of gracefully-designed villas and 4-Family Villas inspired from the old houses of Palasa, a 5* star hotel, upscale service and entertainment, traditional and gourmet restaurants and a picturesque promenade along the sea.

Master plan

- 1. Green Coast Hotel
 - 2. Green Coast Promenade
 - 3. Green Coast Resort
- 1. Elite Deluxe Villas
 - 2. Elite Villas
 - 3. Individual Villas
 - 4. Small Individual Villas
 - 5. Twin Villas
 - 6. 4-Family Villas

Elite Deluxe Villas

The Elite Deluxe Villas are located in the forefront of the resort, thus enjoying the privilege of the closest proximity to the beach.

These deluxe villas, consisting of two floors, provide the largest residential and parcel area of all Green Coast's residences. Their contemporary architecture is simple with clean lines and large windows, which open up to a breathtaking view of the sea.

The villa also includes a barrier reef swimming pool and a sufficient land surface that can be adapted into a garden, children's playground, or into a patio for social dining and other recreational purposes. It can also be used as a parking area.

The Elite Deluxe Villa, provides all the amenities of a comfortable and premium lifestyle all year-round, is an ideal choice for family and social gathering during the holidays and a great opportunity for co-ownership.

Elite Villas

Separated from Deluxe Elite Villas by beautiful lane of trees, the Elite Villas face the sea and are positioned very close to the beach.

This type of villa features large indoor areas, as well as exterior space sufficient to create an entertaining family environment with games for children, small resting and reading angles, barbecue, etc. The villa's project includes the swimming pool and parking places.

Individual Villas

Close to the forefront, the Individual Villas are the epitome of contemporary sea view houses. This residence is sufficiently distant from the beach, to create a more intimate retreat for those who appreciate more privacy.

Although smaller in size than the Elite Villas, the surrounding area of land is adequate for constructing a children's playground and a swimming pool. The project also includes parking spaces.

Small Individual Villas

Positioned in the second and third lines of the resort, the Small Individual Villas enjoy the tranquility of the surrounding area and beautiful panoramic views of sea, sky and the mountain. These residences share the same architectural concept as the Individual Villas. The land is sufficient for setting up playgrounds, dining parties and other recreational activities. The project also includes parking spaces.

Twin Villas

Twin Villas are found at the heart of the resort, at various positions of construction. From the bedroom windows, one can enjoy breathtaking views of sunrise over the mountain and sunset on the Ionian sea. Its position aids to the intimacy of a home away from home. Reliefs to the intimacy of a home away from home feeling. With few smart arrangements, a family can maximize the surface and enjoy a comfortable and spacious living.

4-Family Villas

4-Family Villas at the Green Coast share the same unique style as the other villas, with contemporary architecture, private garden and panoramic sea view. They are situated in various lines of the construction, offering the possibility of choices. These type of villas are smaller and affordable, very appropriate for young couples and small families.

Green Coast Hotel

The Grandeur of Mediterranean

The Hotel is situated in the highest point of the resort, offering the best view of the Green Coast architecture, the beach, the mountain and the Ionian sea. The structure of the Hotel is scheduled at the final stage of the Green Coast Resort construction and will begin its operation in 2021

Green Coast Hotel consists of 136 rooms and suites, a gourmet restaurant, bar, SPA and will ensure an upscale comfort and entertainment.

10 Suites are designed to accommodate a comforting winter vacation, by offering coziness with a fireplace.

Our guests can enjoy the nature and beauty of the exceptional Albanian Riviera throughout the year.

The architecture of the hotel will follow the same philosophy as the rest of the resort: A modern design based on the tradition. The materials used for the construction will be mostly of local origin, used along the centuries to build houses in this region of Albania.

The international chain hotel will provide all the necessary deluxe amenities and services to ensure a comfortable and unforgettable stay.

Green Coast Resort Promenade

The resort is a social heaven, starting with an elegantly designed promenade along the beach with 10 business units.

This infrastructure will act as a pleasant buffer between the real estate and hotel development areas and the beach, featuring non-invasive structures, partially hidden in the sand and the green.

Green Coast Resort's residents and visitors have an easy access to all facilities located on the Promenade. The seafront walk hosts walking area, an event plaza, several cocktail and beach bars, a limited number of seasonal shops, a maritime sports platform and of course, private lidos.

When you think of Green Coast Resort, think of a beautiful little town of joy, where your wellbeing is valued the most.

The Beach Club offers a variety of cocktails and is located at the base of the cliff just minutes walk beneath the main resort. Set within a grove of coconut palms and partially shaded by a Frangipani tree, the club makes for a refreshing ending to scorching days and an ideal option for parties lasting all-day long.

A large amphitheater reserved for shows and film projection, various bars, traditional and gourmet restaurants will enrich the nightlife experience.

Green Coast Resort a resident's paradise

Butler Service

Green Coast Resort is entirely dedicated to its residents all year-round, by providing a 5-star quality service and ensuring a comfortable, relaxed and healthy living, as high living standards require.

Our customized Butler Service caters to the needs of each resident, whether he/she is staying at the resort or is away from home. A dedicated staff is available 24/7 to provide help with maintenance, housekeeping, landscaping, security and transportation services.

Security

Green Coast guarantees maximum security through guard posts and cameras situated at different areas of the resort. The entrance is allowed only to those who provide a resident card released by Green Coast.

The residents of the Green Coast Resort receive a great variety of benefits such as transport service within the facility through Buggy Cast and City Bike, as well as preferential prices for the services and facilities provided by the hotel.

Amenities

The residents can enjoy a comfortable living away from home, as Green Coast provides all the amenities necessary to ensure a pleasant residence. An area is reserved for the supermarket, a pharmacy and a health clinic and the resort is cooperating with the best brands to provide superior quality services and products.

Sports and Exploration

Green Coast Resort project also includes spaces reserved to sport activities during the day and nighttime. Children enjoy the possibility to socialize at the playground, the park or at the resort's swimming pool.

Lovers of outdoor sports can enjoy a great match with friends at our volleyball and basketball courts and many water activities such as snorkeling, diving, canoeing, paragliding, sailing and fishing. The beautiful hills surrounding the area provide for an unforgettable skydiving and hiking experience.

Just few minutes of boat ride away Green Coast residents can experience a day of sunbathing and tasting local organic cuisine at charming and yet unspoiled little bays, hike the stunning Canyon of Gjipe, sail inside the "Pirate Cave" or visit the archeological site of Grama Bay, famous for its emerald green water and for 1500 ancient rock inscriptions dating from the 3rd century BC.

Customized tourist guides around the Albanian Riviera are offered in collaboration with travel agencies.

Additional Benefits

Property financing

In collaboration with selected banks, Green Coast offers the possibility of loan financing of up to 70 %. No initial collateral is needed. The loan can be granted to all new Green Coast customers, employed or self-employed individuals.
